

aloud vs. out loud

* aloud : 부사) (남이 알아들을 수 있을 정도로) 소리내어, 들릴 정도로, 말로 나타내어

read aloud : 음독하다

* loud : 주로 형용사로 쓰이나 부사로 쓰일 때 adverb) in a loud manner

out loud : (주위 사람이 들릴 정도로) 소리를 내어(aloud), 큰 소리로,

with the normal voice: not silently: aloud

If you say or read something out loud, you say it or read it so that it can be heard, rather than just thinking it.

Even Ford, who seldom smiled, laughed out loud a few times.

He began to read out loud.

"aloud" vs. "out loud"

The difference between “aloud” and “out loud” is that aloud is still the more formal option, whereas out loud is somewhat more informal. Use aloud in a sermon or an academic paper, but it's fine to use out loud in a blog post or Facebook post.

To read out loud and to read aloud mean the same thing, but in the old days, aloud was the only cultured option.

In the early 1900s, usage guide writers looked down their noses at out loud and called it “colloquial.” Today, out loud and aloud are both fine, although aloud still feels more high-brow and formal.
